

Glow Ropes

GLOW-IN-THE-DARK

Nylon Double Braid

This one-of-a-kind phosphorescent nylon rope emits a glow at night or any dark location (caves, underwater etc.). When charged by any kind of light, the ropes will glow up to 8 hours (diminishing as time passes). Not a coating-will not rub off.

Glow rope is also available in Polypropylene fiber and 12-strand and flat braid constructions.
